Introducing Mount Kelly

Mount Kelly, set on the edge of Dartmoor National Park, combines academic excellence, an outstanding range of opportunities beyond the classroom and exceptional pastoral care. We are a fully co-educational school for children aged between 3 and 18 and offer day, flexi, weekly and full boarding.

We have high expectations and this encourages our pupils to believe in themselves, to be inquisitive, to be resilient and to show ambition both in and out of the classroom. Our pupils feel happy and valued, which in turn gives them the confidence, social awareness and enthusiasm for lifelong learning needed to succeed in a fast-changing world.

Respect for tradition and an openness to innovation are valued and we encourage our pupils to work with and learn from each other, whilst also showing moral courage to stand up for what they believe. We are confident that we can challenge and develop all those who come to us at any age, stretching the most able whilst supporting those who occasionally need a helping hand.

Mount Kelly offers a high standard of academic schooling demonstrated by excellent results in 2014, achieving a 100% A-level pass rate with 70% awarded A*–B and 75% of leavers attending top British universities.

Co-curricular activities

We are well known for our strong commitment to co-curricular activities, and the majority of College pupils are involved with the Combined Cadet Force, Duke of Edinburgh's Awards, the Devizes to Westminster Canoe Marathon or the Ten Tors Challenge. Our Saturday School Programme (not compulsory for day pupils) gives the children a wide range of opportunity to explore their own interests with activities from kayaking to cookery. In addition our academic staff, in collaboration with our on-site Adventure

Centre, run the innovative and unique Learning Outside the Classroom Programme. Children in the Pre-Prep attend a weekly Forest School activity. The Shackleton programme is run for 9-to 13-year-olds and designed to give them increasingly challenging outdoor expeditions.

Swimming

The school has an internationally recognised coaching facility for swimming. Our swimmers board and are taught alongside their contemporaries. This creates a culture in which the level of commitment and dedication required to excel are not considered out of the ordinary but are qualities to which everyone can aspire. The swimming programme has had alumni at the last five Olympic and Paralympic games.
